**CAIA (Chartered Alternative
Investment Analyst)SM**

**2018 Exam Preparation Course
for Level I in Zurich**

CAIA Program

The Chartered Alternative Investment AnalystSM (CAIA) program is a globally recognized certification for professionals working in the field of alternative investments. The CAIA program covers the concepts, tools and practices essential for understanding alternative investments and is committed to high standards of professional conduct. The Chartered Alternative Investment Analyst (CAIA) Association[®] was founded in 2002 and is the sponsoring organization for the CAIA designation. Since its inception the CAIA program has grown rapidly.

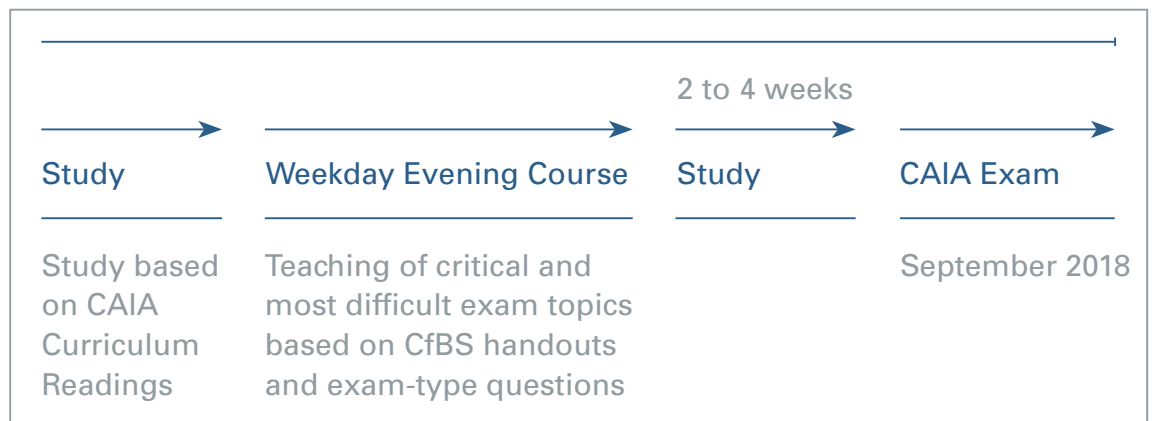

In order to be awarded the CAIA designation candidates have to pass the level I and II exams and need to become a member of the CAIA Association. To qualify for membership in the CAIA Association candidates must pass the level II exam within three years of passing the level I exam, hold a US bachelor's degree (or equivalent), and have more than one year of professional experience in the finance industry.

The exams for levels I and II are held twice each year, in February/March and September. Candidates can take only one exam within the same exam period and are only admitted to take the level II exam after passing the level I exam. The program can be completed within one year.

More information about the CAIA program may be found at www.caia.org.

Learning Approach

In the courses the critical and most difficult exam topics will be explained and practiced with exam-type questions. The level I course consists of 37 lessons and is structured in accordance with the Learning Objectives of the CAIA Association.

Online access to recorded classes: The classes will also be recorded allowing course participants to revisit online all the topics previously explained in class and to make up for any missed classes.

Managing Director, CfBS Center for Business Studies AG

Study Material

Teaching/studying is based on the following material:

- Comprehensive handouts developed by CfBS which contain all the Learning Objectives and the corresponding concepts.
- Questions compiled by CfBS.
- The CAIA Curriculum Readings.
- The Schweser Study Notes (optional) which summarize the CAIA Curriculum Readings.

CfBS has developed comprehensive handouts containing all Learning Objectives, corresponding concepts and questions. This study material will be used during the lessons to explain and practice the concepts. The handouts are a summary of the CAIA curriculum and can be used to efficiently review the curriculum in the final stages of the exam preparation. In order to prepare for the course students can either use the CAIA Curriculum Readings and/or the Schweser Study Notes. The list of the Curriculum Readings of the CAIA Association and the related order information can be found at www.caia.org.

Lecturers

CfBS has assembled a team of experienced lecturers:

- individual experts for each subject
- our lecturers have CAIA and/or university degrees with many years of teaching experience, e.g. in CFA exam prep courses
- a good balance between academics and professionals

References

« The CAIA preparation course run by CfBS was an ideal addition to my self-study efforts. The course helped me to pass the exam well. I especially appreciated the qualified lecturers who were very exam-focused and managed to combine practical experience and theory.»

Christian Zurfluh, CAIA, Zürcher Kantonalbank, Zurich

« The CfBS courses for CAIA levels I and II were a very important part of my preparation to successfully pass. The vast areas of topics of the CAIA curriculum were presented in a well organized way. The CfBS prep courses made me feel confident during the exams.»

Dr. Frank Plessmann, CAIA, Angermuende, Germany

« The CAIA Levels I and II courses offered by CfBS offer both broad coverage of the CAIA curriculum as well as an in-depth focus on the topics which are less intuitive. It is an efficient way to prepare for the exams and to increase the chances of successfully passing at the first attempt.»

Patrick Käufeler, CFA, CAIA, Credit Suisse AG, Zurich
